Visitors and attendees may address specific agenda items by completing a Speaker Request Card in advance of the Board's review of that item. Speaker time is subject to a three minute limit prior to the Board's review of that item. The Board will take the speaker's comments under advisement and may not engage the speaker in further discussion.

Visitors and attendees are allotted time at the end of the business portion of the meeting to express general concerns, questions or suggestions not related to the agenda. A Speaker Request Card must be submitted in advance. Until that time, it is essential that visitors and attendees refrain from addressing the Board directly. In any case, no individual has the floor to speak unless the Board chair recognizes the individual and declares that they have the floor.
